#### **GENERAL SERVICE DESCRIPTION**

Carrier serves the State of Hawaii with passenger & vehicle ferries on scheduled routes between Honolulu and the Islands of Hawaii, Maui and Kauai.

Service will be provided to the Ports of Honolulu, Nawiliwili, Kahului and Kawaihae and will use facilities as agreed by Carrier and the State of Hawaii, Department of Transportation, Harbors Division.

References to Carrier herein include Carrier's Agent.

ISSUED: April 11, 2007

EFFECTIVE: May 27, 2007

The Customer's Ticket and this Tariff constitute the terms of carriage between Carrier and Customer.

#### A. Schedule of Operations

Carrier's Schedule of Operations is described in Appendix A and may be adjusted at or after the time service is implemented due to HDOT requirements. Carrier reserves the right to cancel any Voyage and/or modify a route or schedule, including due to port availability and weather conditions. To the extent possible, Carrier will attempt to notify Customers at least 24 hours prior to the scheduled departure time of such changes. Carrier reserves the right to adjust Voyage schedules, if needed, to satisfy passenger demand or otherwise.

#### B. Prices

Carrier's prices including fares, current government assessed fees, and taxes, are described in Appendix B. Fees and taxes and any other charges assessed by HDOT, other federal, state or local government entities, or persons other than Carrier are subject to change without notice to reflect changes in the amounts assessed by those third parties.

All Customers are required to hold a Ticket, regardless of age. All prices set forth in this tariff are in the currency of the United States. Prices are expressed in dollars and cents.

Carrier may offer, at its discretion, to carry Passengers and Vehicles at rates less than those specified in Appendix B for reasons related to marketing, promotional or other business relationships, including persons such as (1) Carrier's employees and their immediate family members, (2) travel and convention industry professionals and employees, and (3) persons affiliated with vendors, schools, nonprofit organizations, and others with business relationships or prospective business relationships with Carrier and (4) investors. Carrier may also offer, at its discretion, to carry Passengers and Vehicles at rates less than those specified for one-time or limited promotional events.

#### C. Reservations, Changes, Ticketing & Refunds

Tickets may be purchased from Carrier's website http://www.hawaiisuperferry.com, Carrier's telephone reservations/ticketing center, and at designated locations to be determined. Tickets are payable in cash or debit card or credit card or certified check if purchased at Carrier's designated locations to be determined, and by credit card or debit card (and possibly other methods) if purchased from Carrier's website or telephone reservations/ticketing center.

A Ticket entitles a Customer to a confirmed space on the Voyage described at the time of purchase.

ISSUED: April 11, 2007

EFFECTIVE: May 27, 2007

Passenger reservations made at least 14 days in advance of the date of travel will be eligible for the advance purchase discount shown in Appendix B, except for Infant Fares. Tickets are non-refundable if a Customer cancels less than 72 hours prior to the scheduled departure time. Tickets that are cancelled by a Customer at least 72 hours prior to the scheduled departure time will be entitled to a refund using the same form of payment as the original purchase, less a cancellation fee.

Passenger reservations/ticketing made by a Customer using the website booking system will be eligible for the internet purchase discount shown in Appendix B, except for Infant Fares. The advance purchase and internet purchase discounts may be combined.

Changes or cancellations made by Customer to an existing reservation will be assessed a Change or Cancellation fee shown in Appendix B. If a Customer changes his/her reservation, the Customer will be charged an amount equal to the applicable new fare, (including related fees and taxes), plus the Change Fee, less the amount paid for the original Ticket.

Change and cancellation fees will not be assessed against the Infant Fare.

#### D. Harbor Fees and Taxes

Harbor fees will be assessed in accordance with rates charged to Carrier by the HDOT pursuant to the Operating Agreement.

The Hawaii General Excise Tax (G.E.T.) and Public Utility Fee (and other applicable taxes or fees such as the excise tax surcharge for the City & County of Honolulu), as amended from time to time, will be assessed in addition to the charges named herein and shall be shown as a separate charge.

#### E. Fuel Surcharge

A Fuel surcharge will be added to the published rates at the time of Ticket purchase when and if the 30-day trailing average delivered cost of Fuel to Carrier increases at least 10% above the benchmark price of \$300 per metric ton of such Fuel that Vessel may require. Fuel surcharge shall be levied based on the pro-rata formula of the rate of a 2% increase in the price per Ticket (Passengers and Vehicles) for each 10% increase in the cost of Fuel above the benchmark price.

Once a Fuel surcharge condition is in effect, the Fuel surcharge may be adjusted every month based upon the 30 day trailing average of the delivered cost of the Fuel. All applicable taxes and fees (including harbor fees) will be assessed on the Fuel surcharge.

For example, if the delivered cost of The Fuel to the Carrier is \$330 or above per metric ton, which is at least 10% above the benchmark price of \$300 per metric ton, the Carrier may increase its price per Ticket (Passengers and Vehicles) by 2%. Thus, at a Fuel price of \$330 per metric ton, a Ticket that is purchased for \$50 will increase by \$1.00 (\$50 x 2%) plus taxes and fees.

SSUED: April 11, 2007	EFFECTIVE: May 27, 2007
	ISSUED BY: ROBERT E. WHITE ERRY, INC., ONE WATERFRONT PLAZA SUITE 300, ILU, HAWAII 96813 (808) 531-7400 http://www.hawaiisuperferry.com

The Fuel surcharge will likewise be adjusted downward on a pro-rata basis by the same formula should the 30-day trailing average delivered cost of The Fuel to Carrier decrease.

A Fuel surcharge for the calendar month (or portion thereof) of the Carrier's initial start of ticket sales shall be based upon the quoted price of Fuel delivered to Carrier on the business day immediately preceding start of ticket sales.

Beginning on the first day of the month following the start of ticket sales, Carrier shall adjust Fuel surcharge on the first day of each calendar month based upon the trailing 30 day average fuel price ending on the 23<sup>rd</sup> day of the previous month.

Fuel surcharge shall not apply to Change Fees, discounts (e.g. advance booking discount) or adders (e.g. Premium Lounge Upgrade), or Passenger baggage.

#### F. Advances, Delays, Cancellations, Change in Destination

Scheduled or advertised departure and arrival times may be advanced or delayed if Carrier shall find it necessary, prudent or convenient to do so because of weather, mechanical difficulties, maintenance or other reasons. Carrier shall not be responsible for substitute travel costs or missed travel connections or any other "cover" or consequential damages associated with such delays or cancelled Voyages or any other reason.

Voyage(s) may be cancelled if Carrier finds it necessary, prudent or convenient to do so because of weather, mechanical difficulties, maintenance or other reasons related to safety or health in the reasonable discretion of Carrier. Carrier shall attempt to notify Customers that the Voyage has been cancelled.

If Carrier cancels a Voyage, Customers may elect to receive either a refund of the amount paid, in the same manner as payment was made, OR a credit in an amount equal to, or greater than, the Ticket price paid usable for a future Voyage.

If Carrier determines that a Vessel that has departed from the Origin, cannot, for any reason, continue to the Destination, the Passengers and Vehicles will be returned and discharged at the Origin within a reasonable time. In the alternative, if Carrier finds its necessary, prudent or convenient to do so because of weather, mechanical difficulties, maintenance or other reasons related to safety or health in the reasonable discretion of Carrier, the Vessel may travel to another port prior to returning to the Origin. In such case, Customers may elect to receive either a refund of the amount paid, in the same manner as payment was made, OR a credit in an amount equal to, or greater than, the Ticket price paid usable for a future Voyage.

In the event that a Voyage is expected to encounter unusually rough seas or weather, Carrier may, in such cases, notify Customer of this condition in advance, or at check-in, and provide Customer with the option to travel, or to receive a credit in the amount equal to the Ticket price good for use on a future Voyage.

#### H. Safety, Security & Law Enforcement Agencies

Carrier will cooperate with all federal, state and local public safety and law enforcement agencies including allowing passage of law enforcement agents actively engaged in investigation of potential criminal activities at the applicable Ticket rates as set forth in this Tariff.

#### I. Block Booking Policy

In general, all reservations must be ticketed (i.e., purchased and paid for) at the time of booking. However, Carrier may make an exception for certain Commercial Customers and Wholesalesers who make regular and significant purchases on an ongoing basis, who may hold block un-ticketed reservations for Vehicle(s) and Passenger(s) until 15 days prior to departure at which point the Customer must ticket and pay for the reservations or they will be cancelled. The ability for such Customers to hold un-ticketed reservations will be at the Carrier's option and discretion and may be subject to additional limitations, such as block utilization and payment history.

#### J. Connecting Fares

A Connecting Route Discount per Appendix B is available for Passengers and noncommercial Vehicles that travel between two neighbor islands and connect through Honolulu on immediately consecutive Voyages. Such connections may occur on consecutive days if a same day routing is not available per Carrier's Schedule.

#### K. Commissions, Discounts and Upgrades

#### Commissions

Base Commissions vary from 0% to 15%. Override Commissions vary from 0% to 10% and are in addition to Base Commission. Base and Override Commissions will only be paid to companies with specific written agreements with Carrier, issued at the option and discretion of Carrier. All such agreements will comply with the terms outlined in this tariff.

Base Commission and Override Commission will only be paid on travel packages involving hotel, car rental or other travel related products. In no cases will commission be paid on sales of Ferry tickets only. Any Wholesaler who sells Ferry tickets only (i.e., not as part of a travel package) only in violation of its agreement with Carrier will no longer be eligible for commissions and may be subject to other remedies pursuant to its agreement with Carrier.

## Frequent Traveler Program

## A. General Conditions

Frequent Traveler Program membership and its benefits are offered at the discretion of Carrier and its affiliated companies. Carrier has the right to terminate the Frequent Traveler Program (to including components such as the Manta Ray Kids Club, Elite Tier Program, and Commercial Driver Program) or to change Program Procedures, benefits, conditions of participation, or point levels, in whole or in part, at any time, with or without notice, even though changes may affect the value of the points already accumulated. Carrier may, among other things, withdraw, limit, modify or cancel any reward level, increase the points required for any reward, modify or regulate the transferability of rewards or benefits.

Participation in the Frequent Traveler Program is subject to the provisions of Program Procedures that Carrier may, at its discretion, adopt from time to time, and the provisions of Carrier's Tariff. Carrier has the sole right to interpret and apply the Program Procedures. Any failure to follow Program Procedures, any abuse of the Frequent Traveler Program, any conduct detrimental to the interests of Carrier, or any misrepresentation of any information furnished to Carrier or its affiliates by any Program Member, or anyone else acting on the Program Member's behalf, may result in the termination of his or her membership, the cancellation of accrued points, rewards, and benefits.

Program Members shall access their accounts through a password protected area of the web site operated by the Carrier. Carrier reserves the right to audit any and all Frequent Traveler Program accounts at any time for compliance with Frequent Traveler Program and Program Procedures, without notice to the Program Member. In the event that an audit reveals discrepancies or possible violations, the processing of reward redemption requests may be delayed pending completion of the audit of an individual Program Member account.

Each Program Member shall be responsible for remaining knowledgeable as to Frequent Traveler Program, the Program Procedures and the amount of points in his or her account. Carrier shall attempt to advise active Program Members of various matters of

#### Frequent Traveler Portion of the Tariff, Page 3

ISSUED: April 11, 2007

EFFECTIVE: May 27, 2007

interest through such means as may be appropriate, such as monthly account summaries, newsletters and the Carrier's web site, but Carrier shall have no liability for any failure to do so. Carrier will not be responsible for correspondence lost or delayed via postal mail or email. Each member shall be responsible for advising Carrier of any change of postal mailing and email address, and Carrier shall have no liability for misdirected postal mail and email or any consequences thereof.

The accumulation of points and the redemption of rewards are subject to Program Procedures enacted by the Carrier. Each Program Member is responsible for reading program materials in order to understand his or her rights and responsibilities under the Frequent Traveler Program. No points, benefits, or rewards earned or granted under the Frequent Traveler Program may be transferred or assigned except as expressly permitted by Carrier in writing.

The Frequent Traveler Program is maintained for the benefit and participation of individual Program Members only. Only individuals are eligible for Frequent Traveler Program membership, and each Program Member may maintain only one account. Duplicate accounts will be subject to cancellation. Only the Program Member named on the account will be entitled to access to personal account information. However a parent or legal guardian may access the accounts of a Program Member under the age of eighteen (18).

Accrued points and rewards do not constitute property of the Program Member. Neither accrued points nor rewards are transferable (a) upon death, (b) as part of a domestic relations matter, or (c) otherwise by operation of law.

Participation in the Frequent Traveler Program may be prohibited or restricted in some countries. Nothing in this Frequent Traveler Program should be read to override or circumvent any such foreign laws.

## B. Prohibition of Sale or Barter

The sale or barter of any such points, rewards or benefits other than by Carrier is expressly prohibited. Any points, rewards or benefits transferred, assigned or sold in violation of Carrier's Tariff or Program Procedures may be confiscated or cancelled, and the Program Member may be exposed to the penalties associated with these violations. The use of rewards that have been acquired by purchase, barter, or other conduct in violation of Carrier's Tariff or Program Procedures may result in the confiscation of the rewards, denial of boarding with respect to the Ticket holder, and, at Carrier's discretion, completion of the travel only upon payment of an applicable fare.

#### Frequent Traveler Portion of the Tariff, Page 4

**ISSUED:** April 11, 2007

EFFECTIVE: May 27, 2007

## C. Account Activity and Expiration of Points

Any Program Member who fails at any time to engage in account activity for a period of thirty-six (36) consecutive months is subject to termination of his or her membership and forfeiture of all accrued points. Account activity shall be deemed to occur when a Program Member accrues points in his or her account in any manner set forth in this Tariff, or when the Program Member redeems points for any Frequent Traveler Program reward. Points accrued in a Program Member's account shall be maintained in the account until redeemed for a reward or until the points expire, whichever occurs first.

In cases where points are for any reason removed from an account and later returned, the return of the points to the account shall not count as account activity. All points subject to expiration will expire the last day of the thirty-sixth month after the last account activity in the Program Member's account.

#### **D.** Program Partners

The Frequent Traveler Program may include partners, who are airlines, rental car companies, hotels, retail merchants, attractions, entertainment venues, co-branded credit cards, and other entities that permit the accrual of points to members who utilize their services, and in some cases permit the redemption of points for rewards. The partners are independent entities, and Carrier is not responsible for the nature or quality of products or services provided by those partners, nor for any solicitation efforts by those partners. The partner agreements between the Carrier and its program partners are proprietary and confidential; they are not included in this Tariff.

The list of accrual opportunities and rewards available to Program Members will be established by the Carrier and described at the Online Accrual Chart and the Online Reward Chart located on the Carrier's web site. Carrier shall have no liability for partner withdrawals from the Frequent Traveler Program or for reward cancellations caused by partner withdrawals, discontinued services by the partner, or the cancellation of point accrual opportunities for any other reason. Partners may, in their sole discretion, change the amount of points required for their rewards, the amount of points earned for qualifying purchases, the definition of which purchases qualify for the accrual of points, or impose other restrictions upon the use of their rewards. From time to time, partners may offer special promotions to Program Members, and these are usually communicated through promotional materials, mailings, emails, and on the Carrier's web site.

By participating in the Frequent Traveler Program, Program Members understand and acknowledge that their names and addresses may be shared with some or all Frequent Traveler Program partners and that they may receive promotional materials, mailings and

Frequent Traveler Portion of the Tariff, Page 5

ISSUED: April 11, 2007

EFFECTIVE: May 27, 2007

emails from the Carrier and its partners. Individual Program Members may, however, preclude receipt of any such materials by advising Carrier through the Program Member service center in writing of his or her desire to be excluded from any such partner mailings or communications.

Only the Program Member paying for services and merchandise received from airlines, rental car companies, hotels, retail merchants, attractions, entertainment venues, cobranded credit cards, or other entities may receive points credit. For hotel and car rental points accrual, consecutive-night stays or consecutive-day car rentals at the same hotel or car rental agency will be considered as one stay or rental, regardless of the number of check-ins or rentals.

## E. Point Accrual

Only Program Members of the Frequent Traveler Program, by using the methods of accrual recognized in this Tariff, are eligible to accrue points in the Frequent Traveler Program. The levels of point accrual shall be listed in the Online Accrual Chart displayed at the Carrier's web site.

Carrier, in its sole discretion, may permit Program Members to accrue points to their accounts for qualifying purchase of services or merchandise made with entities participating as partners in the Frequent Traveler Program. Entities participating as partners in the Frequent Traveler Program may, by agreement with Carrier, permit their members to accrue points, mileage or credits to their accounts for travel on the Carrier. In such cases, unless otherwise expressly provided, such accrual may occur in only one program and not in two or more programs.

Points can be accrued by purchasing a qualifying Ticket and making a Voyage on the Ferry, purchasing food, beverages and merchandise on board the Ferry, or by utilizing the services of airlines, rental car companies, hotels, retail merchants, attractions, entertainment venues, co-branded credit cards, or other entities identified at the Carrier's Web site as a partner entity at which points may be accrued. Carrier expressly reserves the right to establish additional means of accruing points, to delete any or all of the means currently recognized, or to exclude specific types of transactions or Tickets from the accumulation of points.

Points can be accrued only for Voyages actually taken or purchases made by the Program Member after the Program Member's official enrollment date. Points are not accrued for the cancellation of Voyages, except that Carrier may, at its discretion, give points for Voyages cancelled due to mechanical reasons or Schedule reduction. Points may be accrued only for paid travel on regularly Scheduled Voyages.

#### Frequent Traveler Portion of the Tariff, Page 6

ISSUED: April 11, 2007

EFFECTIVE: May 27, 2007

If Carrier or any Frequent Traveler Program partner improperly denies a member an accrual or benefit, liability will be limited to the equivalent of that accrual or benefit. Points will not be credited for travel on free Reward Tickets and travel taken as a Frequent Traveler Program reward.

Carrier reserves the right to make bonus points and promotional offers selectively available to certain Program Members at any time, based on Voyage activity, geographic locations, Frequent Traveler Program participation, or other factors determined at Carrier's sole discretion.

Each Program Member shall have the responsibility to ensure that his or her points are properly credited. Where a Program Member contends that points have been earned but not credited, or in cases where Carrier deems verification is required, Carrier reserves the right to require proof of accrual from the Program Member, including but not limited to copies of Tickets for Voyages claimed to have been taken or copies of receipts or similar documentation verifying any transactions claimed to have been performed. Any claims for points by the Program Member and proof of accrual must be received by Carrier within ninety (90) days after the date such points were claimed to be earned.

#### F. Reward Redemption

ISSUED: April 11, 2007

The rewards available to be redeemed and the amount of points necessary to redeem each reward will be set by Carrier and listed in the Online Reward Chart displayed at the Carrier's web site. Carrier shall establish the process for reward redemption in the Program Procedures, but redemption shall basically mean the exchange of points in a Program Member's account for a specified reward.

Program Members may request rewards by contacting the customer call center or through the Carrier's web site. There is no service charge for redemption requests processed by Program Members through the Carrier's web site. Reward redemption through the customer call center will incur a service charge of \$25 per redemption event, and may include more than one reward item.

Rewards may, at the request of the Program Member, be issued by Carrier in the name of the Program Member or in the name and for the use of any other person. Points earned in two or more different accounts may not be combined to redeem any reward, unless the Program Member is entitled to pool points from the accounts of family members as a benefit under the Elite Tier Program.

Reward travel on the Carrier is not restricted by capacity controls; if a seat is available on a Voyage, it may be reserved for reward travel. Reservations for reward travel must be made at least one (1) day before departure. Standby travel is not permitted on Ferry

Frequent Traveler Portion of the Tariff, Page 7 EFFECTIVE: May 27, 2007

ISSUED BY: ROBERT E. WHITE

rewards. The Carrier may designate a maximum of 20 annual blackout dates on which reward travel is not allowed. These dates will be displayed at the Carrier's web site as a section of the Online Reward Chart.

Changes or cancellations made by a Program Member to an existing reservation may be assessed a Change Fee. Reservation changes (from Off-Peak Rate Voyages to Peak Rate Voyages) will require payment of the fare difference (in cash – not points) and the applicable Change Fee. Reservation changes (from Peak Rate Voyages to Off-Peak Rate Voyages) may be made without payment of a Change Fee, however an adjustment for the point difference is not made. Unused Reward Tickets may not be used for travel beyond one (1) year after the date of issuance. The Ferry route ticketed may not be changed.

Reward Tickets, other Carrier rewards and partner reward may be subject to certain Federal, State and Local taxes, harbor fees, and charges, and the Program Member requesting the reward is responsible for the payment of any such items that may apply. All check in procedures, to include minimum check in times and photo identification requirements, apply for reward travel on the Ferry.

The reward structure, as described in the Online Reward Chart, is subject to modification, cancellation or limitation at Carrier's discretion, with or without notice. The amount of points required for any reward may be substantially increased, any reward may be withdrawn, and restrictions on any reward or its redemption may be imposed at any time. The accumulation of points does not entitle Program Members to any vested rights with respect to any rewards or the Frequent Traveler Program. Rewards shall be valid only to Destinations served both at the time of the issuance of the Reward Ticket and at the time of departure, and neither Carrier nor its partners shall be liable for Schedule or service changes that result in the cancellation of service at any location.

## G. Elite Tier Benefits

The Carrier will provide additional benefits and recognition to the most frequent travelers participating in the Frequent Traveler Program. When Program Members accrue a minimum threshold of activity established by Carrier in its sole discretion (such as a minimum number or points or one-way Voyages) during a calendar year, they attain Elite Tier status in the Frequent Traveler Program. The Elite Tier designation and benefits are provided to Program Members during the qualifying calendar year in which the required threshold is attained, and continue through the end of the following calendar year.

Failure to meet the minimum threshold of activity during the subsequent full calendar year would result in the loss of elite tier status for the calendar year after that. Program benefits and qualifications are subject to change from year to year. Program benefits may be changed during the year and replaced with a benefit deemed by the Carrier to be of comparable value.

The Elite Tier designation is not available to members age twelve (12) years or younger, nor is it available to the company drivers or non-company drivers of commercial Vehicles such as a truck or bus.

The services and benefits of the Elite Tier designation are offered free of charge, and are provided under the provisions of the Frequent Traveler Program Tariff. The minimum threshold of activity required during a calendar year, and the additional benefits and recognition provided under the Elite Tier program, are described at the Online Elite Tier Program Chart displayed at the Carrier's web site.

## H. Manta Ray Club for Children

The Carrier may provide benefits, environmental education activities, and special recognition to Program Members age 2 through 12 through the Manta Ray Club. The benefits offered would be described at the Carrier's web site. Manta Ray Club members are entitled to the accrual and reward benefits offered to all Program Members, but will not qualify for Elite Tier designation. The services and benefits of the Manta Ray Club are offered free of charge, and are provided under the provisions of the Frequent Traveler Program Tariff. All Manta Ray Club communication would be sent via U.S. Mail to the address provided by the Program Member. Participation in the Manta Ray Club will not impact the rates paid by Customers for travel on the Ferry.

### I. Commercial Driver Program

The Carrier may provide specialized benefits and recognition to company drivers and non-company drivers of commercial Vehicles such as a truck or bus. The benefits offered would be described at the Carrier's web site. Commercial Driver Program participants are entitled to the accrual and reward benefits offered to all Program Members, but will not qualify for Elite Tier designation. The services and benefits of the Commercial Driver Program are offered free of charge, and are provided under the provisions of the Frequent Traveler Program Tariff. Participation in the Commercial Driver Program will not impact the rates paid by Customers for travel on the Ferry, to include the transport of commercial Vehicles.
